

## SRD LED task light, as standalone fixture with power supply

### SRD base model includes:

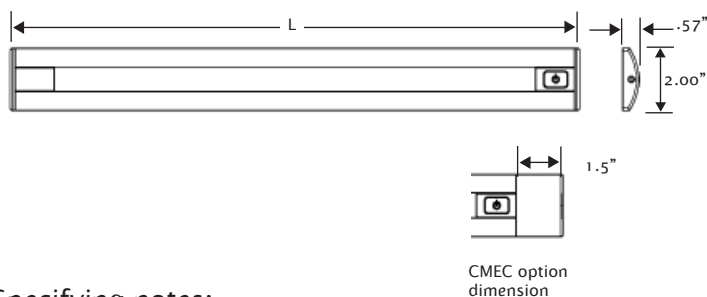

- **NEW** length of 6 inches for those unique locations
- Multiple lengths for various applications (6, 19 or 37 inches)
- 3 sets of 1, 2, or 3 LEDs (5, 10, or 15 watts)
- or 6 sets of 6, 12, or 18 LEDs (10,20,30 watts)
- 15 watt wall transformer power supply with a 9' black cord, straight plug
- or a 60 W power supply with 12' of black cord, straight plug
- Switch - instant on; fade to off;
- Infinite dimming with last state memory when turned on/off
- Infinite dimming feature cycles 15%-100%-15% by holding down switch
- Metal trough reflector with diffuser lens
- Clear anodized aluminium with flint color end-caps
- Magnetic or screw mount option - must specify
- UL / CUL listed, CA Title 24 Certified

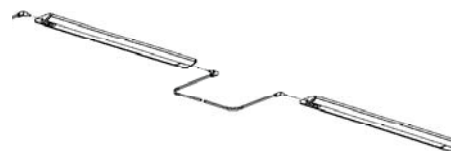

Base Stand alone number w/ PS	Suggested Shelf Size	Overall Length of LEDs	Number of LEDs	Fixture Wattage	System Wattage	Description	List Price
SRD 6 5W SPS 15	< 24"	6"	3	5	5.8	5 watt LED task light; 1 set of 3 LEDs; 3500K	\$170.00
SRD19 5W SPS15	24"-36"	19"	3	5	5.8	5 watt LED task light; 3 sets of 1 LED; 3500K	175.00
SRD19 10W SPS15	24"-36"	19"	6	10	10.9	10 watt LED task light; 3 sets of 2 LEDs; 3500K	205.00
SRD19 15W SPS 15	24"-36"	19"	9	15	16.3	15 watt LED task light; 3 sets of 3 LEDs; 3500K	245.00
SRD37 10W SPS60	42"-72"	37"	6	10	11.7	10 watt LED task light; 6 sets of 1 LED; 3500K	307.00
SRD37 20W SPS60	42"-72"	37"	12	20	21.9	20 watt LED task light; 6 sets of 2 LEDs; 3500K	345.00
SRD37 30W SPS60	42"-72"	37"	18	30	32.6	30 watt LED task light; 6 sets of 3 LEDs; 3500K	409.00

Interconnect Power Model No.	Suggested Shelf Size	Overall Length of LEDs	Number of LEDs	Fixture Wattage	System Wattage	Description	List Price
SRD 6 5W SPS 60	<24"	6"	3	5	5.8	5 watt LED task light; with 60 watt power supply	\$193.00
SRD19 5W SPS60	24"-36"	19"	3	5	5.8	5 watt LED task light; with 60 watt power supply	198.00
SRD19 10W SPS60	24"-36"	19"	6	10	10.9	10 watt LED task light; with 60 watt power supply	228.00
SRD19 15W SPS 60	24"-36"	19"	9	15	16.3	15 watt LED task light; with 60 watt power supply	268.00
SRD37 10W SPS60	42"-72"	37"	6	10	11.7	10 watt LED task light; with 60 watt power supply	307.00
SRD37 20W SPS60	42"-72"	37"	12	20	21.9	20 watt LED task light; with 60 watt power supply	345.00
SRD37 30W SPS60	42"-72"	37"	18	30	32.6	30 watt LED task light; with 60 watt power supply	409.00

L = Overall Length  
\*System Wattage includes fixture and power supply

Inter Connect Option - Note for proper configuration, order first fixture with (60 w) power supply and not more that two additional fixtures without the power supply.

### Specifying notes:

- For a single SRD 19 inch 5W, 10W, or 15W specify SPS15, 15 watt power supply or use base number above.
- For a single SRD 37 inch 15W, 20W, or 30W specify the SPS60, 60 watt power supply or use base number above.
- For interlinking 37 inch Reed, note sum of wattage.
- The 18 LED 37 inch Reed can not be inter linked with the 60 watt power supply.
- When interconnecting more than 1 Reed fixture, a 60 watt power supply is required.
- System accumulative wattage powered by one power supply must not exceed the power supply rated wattage.
- See price list on next page for order codes of additional Reed fixtures (with out power supply).
- Direct connect (DC) cords are required to link Reed fixtures together, for each additional fixture one (1) DC cord is needed.
- Total length of power cord for 60 w, incl AC connection, brick, fixture cord, is approx 12' 4". 15w power cord is approx 9'.
- The Reed task light can be connected to the sprout rail system. The direct connect (DC) cords for this option are listed in the option list on next page.
- The cord manager end cap option is intended for case goods applications. This option extends the length of the fixture by 3" total (1.5" on each side). The DC cord is routed from the end cap up through a hole in the case goods shelf to completely conceal the cord.

SRD LED task light, Reed as component to **Sprout**®

**How to specify the SRD task light**

Example for 1 fixture

SRD19 5W SPS15 MM

1. base model
2. mounting option

1. Specify SRD base model from previous page.
2. Select mounting option.
3. Select cord management - if applicable.

Example for interconnect fixtures

SRD19 5W DCR8 SM CMPC

1. order code
2. interconnect code
3. mounting option
4. cord manager

1. Specify order code.
2. Select interconnect cord.
3. Select mounting option.
4. Select cord management - if applicable.
